

HAU TO PLEAD INSANITY.

**Professor Accused of Killing Mother-
In-Law Keeps His Courage.**

KARLSRUHE, Germany, June 30.—Notwithstanding the fact that he has been formally examined and pronounced sane by experts, it is probable that mental irresponsibility will play a part in the defense of Karl Hau, the young professor formerly attached to George Washington University, who is charged with the murder of his mother-in-law, Frau Molitor. The trial will begin on July 17, and his counsel have given notice that they will call Prof. Schaffenburger of Cologne as an expert on insanity.
